

NDT for Heavy Industry

All of our services are qualified, verified and compatible with international standards on Non Destructive Testing for Heavy Industry

- Eddy-Current NDT
- Digital X-Ray NDT
- Ultrasonic NDT
- Flux Leakage NDT

TECHNICAL FEATURES

Multi Channel UT System
4ch / 8ch / 16ch / 32ch

Programmable Settings
User oriented graphical display

Paint marking Device
Flaw Detection
Loss of coupling

Mechanical Sensor Head
Cylinder supported holder
PLC controlled Sensor head

Remote Display
Remote control
Remote display on pipe

Data Processor
Print out for each probe
Digital storage of test record
Calibration record
Network Link

MEET TO MOST STANDARDS

API 5L / ISO / ARAMCO / SHELL
