

## NDT for Power Generation

All of our services are qualified, verified and compatible with international standards on Non Destructive Testing for Power Generation

- Eddy-Current NDT
- Digital X-Ray NDT
- Ultrasonic NDT
- Flux Leakage NDT

### TECHNICAL FEATURES

Multi Channel UT System  
4ch / 8ch / 16ch / 32ch

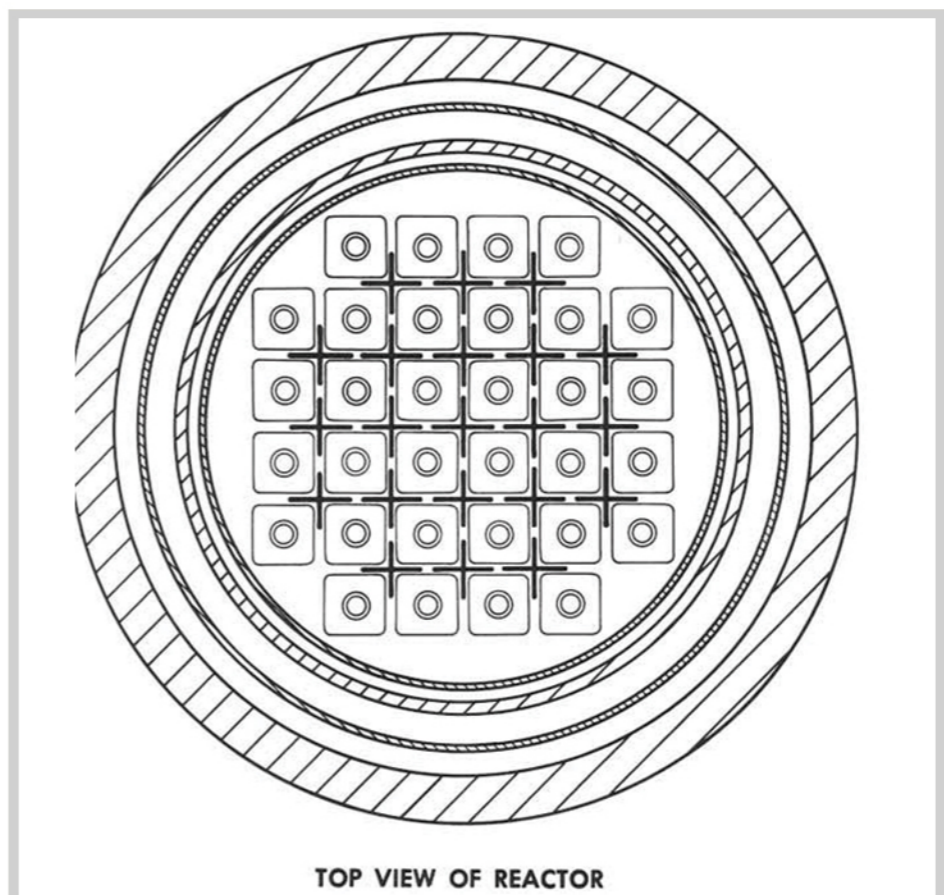

Programmable Settings  
User oriented graphical display

Paint marking Device  
Flaw Detection  
Loss of coupling

Mechanical Sensor Head  
Cylinder supported holder  
PLC controlled Sensor head

Remote Display  
Remote control  
Remote display on pipe

Data Processor  
Print out for each probe  
Digital storage of test record  
Calibration record  
Network Link

TOP VIEW OF REACTOR

### MEET TO MOST STANDARDS

API 5L / ISO / ARAMCO / SHELL
